Road - Annual Report
Annual General Meeting
November 25, 2026

MCA Board Member
Nick Borisov – Road Director
Accomplishments

- This year has been very successful, we started this year with Spring Chicken and Hare and Hound races, it's been a bit of cold weather but it went really well in the end of the day
- The Road Provincial Championship finally happened in comparison to the previous year when it was cancelled. There was a huge interest in the Provincial Championships this year and we had a lot of people from outside the province.
- We've also had multiple Road TT Bump series organized by Kevin.
- Stony Mountain Criterium has been rescheduled multiple times but finally ended up happening which we were very excited about.
- Gravel - There is lots of room and opportunity for Gravel to expand in Manitoba. There were 2 events on the calendar. Purgatory was absolutely fabulous this year turns out and Peter is excited to have the race in September 2027. Glacial gravel race had excellent weather and turnout. This shows that there is interest in gravel racing in Manitoba and I'm excited for its future
- I would encourage everyone to show their **support** of **race organizers** by either joining a club or volunteering at the race so we will be able to continue to have races in Manitoba. These are critical times for volunteerism and it's not just affecting cycling but many sports are seeing a deficit.
- As we need to support our local clubs we also need to **support our race officials**. Without them our races wouldn't happen. If you have ever considered officiating I would suggest contacting the MCA as you would be supporting your race community.

Issues Resolved
• N/A
Goals for Next Year
• This has been a year of learning and as I get more comfortable in my role and I want to focus not only on more races but improve the quality of the existing ones.
