President/Chair - Annual Message
Annual General Meeting
November 25, 2026

MCA Board Member
Paul Huntington
2026 Annual Message

2026 has once again been a wonderful year for the Manitoba Cycling Association.

Excellent events in all disciplines were hosted by our clubs and their dedicated volunteers and enjoyed by many of our members.

In 2026, Manitoba athletes, both young and old, performed exceedingly well at local, provincial, national, and international events.

Many thanks to the volunteers that consistently create the template for success at the club level.

The Board of the MCA strives daily to be both fiscally responsible as well as open to new ideas, programs, and services to better meet the needs of our members. However, it has become apparent that in 2027, the Board of the MCA will need to examine and define core programs and services that match our administrative capacity.

Many thanks again to the tireless efforts of the Board of Directors of the MCA.

Finally, our association would not be where it is today without the incredible leadership of our Executive Director, Twila Cruickshank.

Paul Huntington

President
