

MANITOBA CYCLING ASSOCIATION

MCA AFFILIATED CYCLING CLUBS – 2017

There are many types of cycling clubs in Manitoba: racing, recreational, youth development, and sometimes a combination of all three. Clubs select and mentor volunteers, organize races and club rides, and select club representatives for MCA programs and race committees. Clubs need “Club Members” in order to continue to offer sport and recreational activities. Please contact the clubs listed below to find out details about their membership and benefits. Can’t choose one...join multiple!

EASTERN REGION
