Issues & Concerns	<ul style="list-style-type: none"> <li>- As previously stated our most pressing concern is the lack of road commissaires. There seems to be a willingness within the racing community to help. In the past we've had spring commissaire courses. Commissaires, though, take time to develop. Have approached the chief commissaire about trying to arrange a fall course to give us a head start on next year. That would require bringing an instructor in.</li> </ul>
