

WNS Race August 4th

Thanks to Tim and Brad for there work as commissaires and Tomek and Dave Larson for course set up and tear down. As well to Arlene for providing her medical services once again!!

Thank you to all the racers who make this series go and the folks down at Olympia on Portage for providing us with another year of great Wednesday Night Racing. The course conditions were wet (again), we ran a shorter course by leaving out one of the single-track sections and added a lap to everyone's race, which resulted in much complaining from the expert field (wimps, oops I am one of them).

Special thank you to Hal for all his hard work through out the year at all of the Olympia events and as the XC co-ordinator!!! Great work Hal!!!
