About Habitat Manitoba

Habitat for Humanity Manitoba (HFHM) provides low-income families the opportunity of home ownership through its unique business model of offering no down payment, no interest mortgages.

Monthly mortgage payments received by Habitat are used to purchase more land which enables donations to keep on giving - building more homes, more hope and more thriving communities.

By mobilizing volunteers and community partners, Habitat for Humanity Manitoba works with people from all walks of life to build safe, decent, affordable housing for purchase by low-income working families.

About Cycle of Hope

For two weeks in July every year since 1993, the Cycle of Hope (COH) riders journey 1,600 km and raise enough money on behalf of Habitat for Humanity Manitoba to build a new affordable home for a family in need.

The Cycle of Hope has raised nearly \$2,500,000 since its inception and it looks forward to the annual challenge each year with new and returning cyclists.
