

## January Report – Rec and Trans

Submitted By:	Currie Gillespie
Date:	Jan 17 2012
Comments & Updates:	
<p>Can bike Committee MTG Jan 4<sup>th</sup> 2012 we had a meeting regarding were we are at with the Bike Safety Video and how we are going to move forward. I was not available for this meeting so I am hoping Jason Cater can answer any questions you may have.</p> <p>January 10<sup>th</sup> I attended the Bike to the Future meeting. It is my intention to continue attending. I have included this link to the minutes or the meeting. There is a report regarding Can Bike as well as notes from the ATAC made by Mark Cohoe certainly better notes than mine.  <a href="http://biketothefuture.org/attachments/0000/1736/btbf_januarymonthlymeetingminutes_2012-01-10.pdf">http://biketothefuture.org/attachments/0000/1736/btbf_januarymonthlymeetingminutes_2012-01-10.pdf</a></p> <p>As Mark notes : ATAC Terms of Reference          Brad Sacher, the head of Public Works, met with the ATAC to discuss a review of the committee in terms of reference that will take place in the New Year. That review will consider:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Term Lengths</li> <li><input type="checkbox"/> Pedestrian Representation</li> <li><input type="checkbox"/> Potential for a broader cross-section in the committee membership</li> <li><input type="checkbox"/> Representatives from Land Development and Planning Property and Development</li> <li><input type="checkbox"/> Less focus on policy in favour of the committee's advisory role</li> <li><input type="checkbox"/> Member rotation</li> <li><input type="checkbox"/> Individual vs. Organizational representatives</li> </ul> <p>What this means to the MCA is that we may not be represented on the ATAC as of Feb 2012. I will let you know the results.</p> <p>Feb 1<sup>st</sup> will be the first mtg of the Bike to Work Planning Committee of which the MCA is part of. Results of this meeting will be shared in my next report.</p> <p>Feb 9<sup>th</sup> I will be attending the public consultation/display at the U of M regarding the Red River pedestrian bridge connecting St Vital to the U of M. here is the link to the survey and attached to this email is a copy of the flyer to be dropped in the surrounding areas.  <a href="https://www.surveymonkey.com/s/activetransport">https://www.surveymonkey.com/s/activetransport</a></p>
