

MTB Report – March 2012

Submitted By: David Dorning

Date: March 20, 2012

Comments & Updates:

Continued communication with race directors regarding course formats, volunteers, permits, etc

Training Day, Meet and Greet Check out the new course day is under development with the Brandon Hills Cup organizers. Potential date June 10 (day after Pinawa) rather than June 17 to avoid a conflict with MB Marathon.

Attended the Annual Commissaire Meeting. Will invite Chair to speak to MTB Com. meeting and express what the coms expect/need from of the race organizers.

In contact with locals to see how Grand Beach is shaping up. Will check out the race course next week.

Concerns:

The one day licence format was unclear to commissaries, and insurance still needs to be worked out. As it stands this may not be an issue since only Enduro Events (e.g., Back 40) have been offering one day licences through their own insurance providers.
