

Sept 17, 2012 Report - BMX Coordinator

Submitted By:	Rob Nagy
Date:	Sept 17, 2012
Comments & Updates:	<p>I have not received any response from the City of Winnipeg. There may be some interest from the Fort Whyte Alive people but there will not be a meeting for at least the next 4 months.</p> <p>The Sept 6th BMX clinic went very well with a good turnout. The cost of insurance is surely a burden though. Thanks to Currie for lending from the Rec and Trans budget. We have a special initiative evening bingo on Oct 19th that pays \$3,000 so we will be able to pay it back and cover next season's clinic expenses.</p> <p>We would like to host another clinic on a Saturday this month.</p> <p>We will be doing another bingo on Sept 21 as the final part of the MCSC grant requirement.</p> <p>I have applied for the Federal Community Infrastructure Improvement Fund and hope they may grant us sufficient funds to be able to start building next season. No news to date.</p> <p>I have scheduled an end of the year summary meeting on September 24th.</p> <p>I</p>
Issues/Concerns/Recommendations:	<p>Concerned over lack of response from the City of Winnipeg, I have spoken to our contacts who have said that not all departments have made their decisions regarding our operating budget and have expressed their frustration as well.</p> <hr style="border: 1px solid black; margin-top: 20px;"/>
