

Public Open House Invitation

Manitoba Capital Region Transportation Master Plan

The Partnership of the Manitoba Capital Region (PMCR), with funding support provided by the Province of Manitoba is preparing a Transportation Master Plan for the Capital Region. Manitobans are encouraged to come out and discuss transportation issues, express their ideas and ultimately participate in shaping the future of the regional transportation network in the Capital Region.

Have Your Say

The Open House format will be a drop-in event where you will be able to view information boards, ask questions, map out transportation issues and provide feedback and opinions. Three Open Houses will be held in three different locations for your convenience. The information collected will help inform the final plan, which will be presented at the second round of Open Houses to be held in spring 2013.
