

## **SUSTAINABLE TRAILS – PROFESSIONAL TRAIL BUILDERS**

**June 02,2016**

Senior Project Manager, Bill Goulding from Sustainable trails will be in Winnipeg with his crew today working on a new Mountain venue for the 2017 Canada Summer Games.

Sustainable Trails Limited is a professional trail building company that has been planning, designing constructing and maintaining recreational trails since 2005 for such clients as Blue Mountain Resort, Kawartha Conservation, Central Lake Ontario Conservation Authority, Toronto and Region Conservation Authority, Toronto Parks (Humber and Don River watershed), Saskatchewan Parks, Township of King. Over the past few years the Sustainable Trails team has traveled to Burns Lake British Columbia, North and South Carolina, Georgia, Tennessee, Florida, Jamaica, Portugal, Mexico and Chile, to apply their professional techniques of trail building.

Bill Goulding is a board member of the Professional Trailbuilders Association and chairs the member's certification and continuing education committee. He also sits on the Board of Directors of the Ontario Trails Council. In addition to providing their professional expertise on our course design and construction, Bill will also be facilitating IMBA workshops for local trail building talent to further support the legacy of these games.
