If you choose to stop while on course, signal to the riders behind and pull over safely as far as possible onto the right side of the shoulder/boulevard. Our support team (ride marshals, medical staff) may ask if you need assistance. Signal with a "Thumbs-up" to indicate that you are okay.

Maintain control and speed of your bike, even when going downhill.

Be aware of others around you and communicate well in advance while cycling. Use gestures combined with verbal commands. Ride your head up and look down the road rather than directly at the person in front of you. Verbally say, "passing on your left" when passing another person.
